

## Clinical Professionals

### Mission

Our mission is to be the global partner of choice for Life Science talent solutions. Trusted, knowledgeable and quality focused.

### Our Belief

Values: Quality, Accountability, Courage, Integrity, Collaboration, Ambition.

### How we help

Clinical Professionals is a global pure play Life Sciences staffing firm. We not only have the most extensive passive candidate pool in industry but additionally we create the supply of highly skilled life sciences labour via our award winning Academies programmes. We create the talent our industry needs. With extensive pharma, biotech and med device market intelligence our team of “subject matter experts” provide a talent solution to every need.

### Core functional expertise includes:

Clinical Research  
Regulatory Affairs  
Medical Affairs  
Drug Safety

Medical Technology  
Commercial  
Quality Assurance  
Medical Communications

Scientific  
Biostatistics  
IT / Finance / HR  
Graduate Academy
